We also have a letter on our website to copy and mail. You can also go to the website [cuna.org](http://cuna.org) and go to the "Don't Tax My Credit Union" icon and send an email through their website also.

We need your help! Congress wants to raise new taxes and is targeting tax exempt institutions like credit unions to impose new fees and taxes. We need our members input to their federal legislators to keep credit unions tax exempt.

In 1934, the Credit Union Act gave credit unions their tax exemption because they served people of modest means through a system that is member-owned (that's you), with a volunteer (unpaid) board of directors that you the members elect each year at the

annual meeting and a not-for-profit philosophy.

That not-for-profit philosophy is why we pay better dividends, lower rates on loans and don't fee you to death like other financial institutions.

Please help us to remain a tax exempt credit union that promotes the economic well being of its members. Please call or write your federal representative from the List of Local Legislators on the left side of this page today!

The 2013 Christmas Clubs ended on September 30th and the 2014 Christmas Clubs have started. Remember there's no waiting for a check in the mail, it's transferred on October 1st into the account you designated when you signed up.

If you have a payroll deduction or transfer to your Christmas Club already established, it will stay the same unless you call to adjust the amount or cancel. New Christmas Clubs can be opened anytime at any office. Deposits can be made at any office through payroll deduction, mail, or automatic transfer.

Make next Christmas a little greener and more affordable with a Christmas Club Account!
