Branch Reopening

As the pandemic remains a factor, New Century is monitoring the situation closely to keep our members and employees safe. The Credit Union will follow federal, state, and local guidelines. **We will be going with a phased approach for reopening our lobby. Appointment only will begin on July 13.** Appointments will be for more time-consuming transactions, such as, IRA transactions, license plate stickers, and loan closings to name a few things. However, we highly encourage members to use our drive-up facilities, ATMs, night depository and electronic services for everyone's safety. Members will be asked to wear a mask, practice social distancing and stay home if sick. Our main goal, as we move forward, is to provide the best member service while keeping everyone safe throughout these challenging times. Please make sure to check back later this month for more details.

Shred Day

Shred day is back once again this year and this time we have decided to double the fun. NCFCU will be hosting two shred days this year. All members of the Credit Union can shred up to three boxes of confidential information. In exchange of shredding documents and personal information, NCFCU is asking that you bring a donation of at least one non-perishable food item. All donations will be delivered to a local food pantry.

Why risk throwing out personal information that will be hauled away to a random location? Stop by on either of the following dates and have your documents shredded on the spot.

E-Statements

Looking to balance your checkbook fast? By signing up for E-Statements, you will receive your statement within the first few days of the month so you can get this all taken care of. If you are still a fan of a hard copy, have no fear. You can print your e-statement if you need to as well.

By signing up for E-Statements, you can eliminate the possibility of it being lost in the mail and delaying things even more. Give us a call or stop in to one of the offices and let us assist you in getting signed up.
